

The image is a promotional graphic for SRK Brass Industries. At the top left, the company logo features the letters 'SRK' in a bold, black, sans-serif font, with a stylized orange and black swoosh above the 'K'. Below the logo, the words 'BRASS INDUSTRIES' are written in a smaller, black, sans-serif font. The central part of the image displays a variety of brass products, including several hexagonal nuts of different sizes, a few flat washers, a long threaded rod with a hexagonal head, a shorter rod with a flared end, a small bolt with a hexagonal head, a conical fitting, a flange, and a small cylindrical component. The products are arranged on a white background, which is framed by a large, flowing orange and black wave graphic that sweeps across the top and bottom of the image. The bottom of the image features a light gray background with diagonal lines, and the text 'All Types Of Brass Products Manufacturer' is centered at the bottom in a black, sans-serif font, underlined.

About Us

Manufacturer & Supplier of a wide range of Brass, Aluminium, SS, Precision Turned Components

MAIN BUSINESS SCOPE

Manufacturer & Exporter of a wide range of Brass Products.

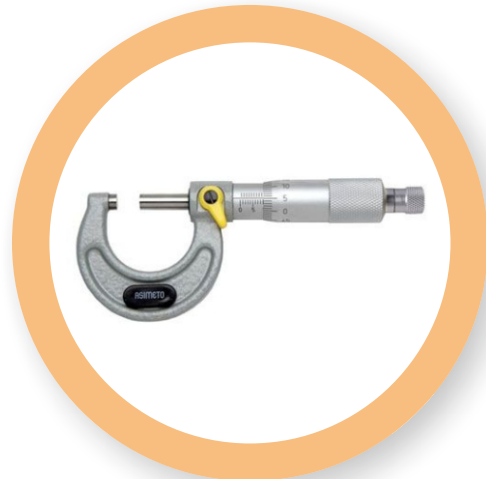

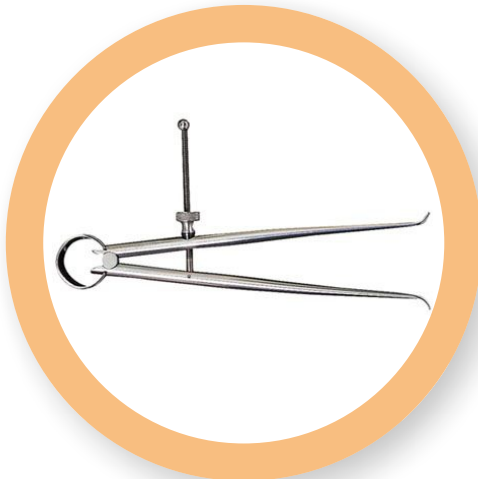

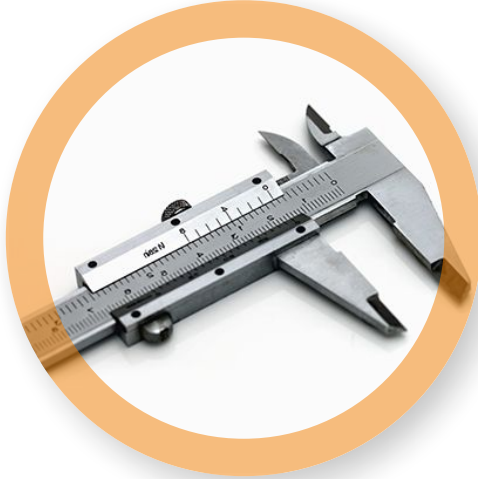

We follow strict rules in procuring raw material to meet our customer's quality requirement. We source it from approved suppliers who match our quality standards.

We can manufacture from any customer specified brass alloy.

Design & Development

We have in-house design and development team, which can provide samples as per customer specification.

Quality Assurance is popularly known as QA Testing; it is defined as an activity & Assurance. We at SRK Brass Industries ensure by providing the best possible product / service to customers. We focus on improving the processes to deliver Quality Products to our valued customer.

Quality assurance has a defined cycle called PDCA cycle or Deming cycle. The phases of this cycle are: Plan, Do, Check & Act.

- SRK Brass Industries plans and establish the process related objectives and determine the processes that are required to deliver a high-Quality end product.
- Development and testing of Processes and also “do” changes in the processes.
- Monitoring of processes, modify the processes, and check whether it meets the predetermined objectives.
- Implement actions that are necessary to achieve improvements in the processes.

SRK Brass Industries, use Quality Assurance to ensure that the product is designed and implemented with correct procedures. This helps reduce problems and errors, in the final product. Our aim of Quality control is to check whether the products meet the specifications and requirements of the customer, which evaluates people on their quality level skill sets and imparts training and certifications. SRK Brass Industries helps provide “perfect” service to our valued customers globally, we manufacture the parts as per European standards.

All parts are **PACKED** in plastic bags then into small boxes. Small boxes are placed in bigger cartons.

Cartons are further stacked in fumigated wooden pallets.

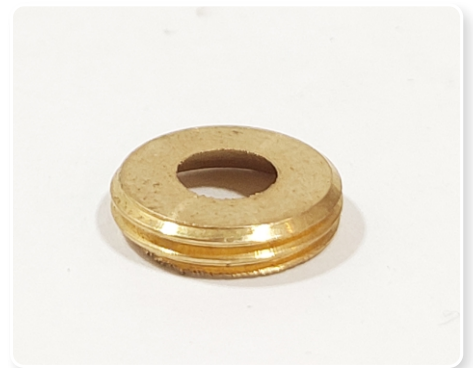

We provide Standard Packaging as per European standard.

We can also provide customised packaging as per customer request. Which will cost extra.
